

WITH FRIENDS, IT'S HAPPY HOURS ALWAYS!

Celebrating the spirit of friendship.

Great conversation, countless memories and inside jokes; in the realm of friendship, it's *always* happy hours with **McDowell's No.1** soda. It is a world where strange quirks are accepted, a warm shoulder for support is always available and 3 am phone calls are never considered odd. Not to forget the unexpected pranks, late night drives and hours of laughing till stomachs hurt. Somehow when you're with friends, you never need an excuse to pop open a bottle of **McDowell's No.1** soda.

The chemistry between friends is unmistakable and instantly recognizable in Bollywood. If it weren't for that bond between the Shankar-Ehsaan-Loy trio, where would the great music be coming from? The good times they shared prompted them to create the memorable tunes for major hits like 'Dil Chahta Hai' and 'Rock On!'. Listen to their songs and you can feel the magic of friendship coming alive.

Every time Karan Johar has Shahrukh Khan and Kajol over for coffee on his show, we get glimpses of their close friendship. The lack of pretense in their conversations even with the cameras rolling is what keeps the audience glued to their TV sets.

Salman Khan has always maintained that Sanjay Dutt is his closest friend in the industry – which would explain the Bollywood hunks' numerous hits and superb comic timing that they share onscreen.

McDowell's No.1 soda captures the spirit of friendship and fun with 'Friendzy', easily the biggest event of the year! 'Friendzy' is an opportunity for friends across the country to get together and make memories to last a lifetime. Track down the carnival at select clubs, pubs and restaurants and begin the Friendzy!
