

Discover the Indigo Marina.
Discover how it stretches out to create space for your family.

DRAFTFCB + ULKA 811991

It bends, stretches, fits and expands. The Indigo Marina with its stylish interiors and 670 litres of boot space can accommodate your whole family and even those things they care about. Then, flip its seats forward and you have 1370 litres of space to do more. Pack in office paraphernalia or even mountain-biking equipment. Or just celebrate family togetherness like family picnics where the journey can be as fun as the destination or even by just doing the school run. You'll enjoy a drive like no other with the smooth, silent, high-torque DICOR (Direct Injection Common Rail) diesel engine. Uniquely styled, extraordinarily comfortable, and most importantly, flexible. It's not another car.
