

*"This is not about becoming super human.
This is about realizing
being human is super"*

- Sadhguru

yogi & profound mystic

19 - 21 dec ' 08 modern school, barakhamba rd

"I would honestly say, it was a turning point in my life in some important ways. If you cannot manage your own energies, your reaction to situations, you cannot be effective leading an organization, particularly a large one."

Ravi Venkatesan, Chairman, Microsoft India
