Interlock : Stronger and long-lasting white vests manufactured from 100% cotton.

Rupa has continuously enhanced its international standards and presence with a dedicated export wing. Its signature quality has set new benchmarks for the industry in the following regards -

- Surpassing national boundaries to make its presence felt in the 5 continents
- Opening up business opportunities by providing quality products at suitable prices
- Emphasis on the needs of every buyer for his/her benefit

Rupa constantly upgrades machinery, designs and quality control leading to international acceptance.

Regarding project planning, special emphasis is laid on each and every buyer specification before the job.

Buyer/consumer satisfaction is ensured at every level by well-organized

design and documentation. A better environment is provided by working with professional skill and inspection procedure at every level. Special emphasis is laid on the quality standards of Rupa products.
