

EXPERIENCE

Shyamsukha ensures that his specialized courses bring out the best in the resources, give them the exposure and confidence to go out and make a compelling contribution in the fast changing Corporate world.

He is passionate about building a bedrock where the fundamental right of employment will be realized and assured. And he is serious about upgrading his training programmes to an extent that it totally shuns antiquated theories and embraces a pragmatic practical approach. Narendra Kumar Shyamsukha has a dream. He wants to eradicate the curse of unemployment from the Society. In his words –

I want to make job oriented graduation system a reality, wherein no young aspirants need to chase jobs, but jobs should chase them.

ICA is the fruit of a man's passion. Who had a conviction, a belief in himself. And today he has helped a vast cross section of students across the country become confident corporate achievers.

ICA ties up with Annamalai University to offer courses in Graduation with two years of On Job Training

ICA, the largest institute for computerized accountancy in India with more than 300 branches across the country announced an association with Annamalai University to launch unique initiatives for the first time in India. ICA (The Institute of Computer Accountants) launched B.Com (Finance & Investment) Courses in technical collaboration with Annamalai University which has grown into a premier, unitary, residential institution of higher learning and research.

Under this program, a student will gain practical knowledge in Accounts, Taxation, Banking and ROC with latest softwares and Computer Application which is a unique opportunity. In the 2nd and 3rd year the student will get On Job Training and will earn while learning. It is this USP of the course which is a first time ever feature and sets the course apart from other courses in the sphere. As a result, at the end of the three year degree course, the student will have two years of work experience as well as a degree of B.Com (Finance & Investment) from Annamalai University.
