MAYDAY!

A legacy of poor management and political apathy aggravated by the global meltdown force the airline into distress zone triggering calls for a rescue package

Every day the carrier loses **Rs 10 cr** thanks to high costs, low productivity, poor aircraft utilisation and operating losses.

RISING FUEL COSTS, ECONOMIC SLOWDOWN AND BORROWINGS PUSH TOTAL LOSSES TO **Rs 7,200 CR.**

Release of **4 lakh** bilateral seats helps foreign airlines enter India, lowering yield to **Rs 3/km/passenger.**

IA AND AI OPERATE A TOTAL OF **167** FLIGHTS OF WHICH ONLY **13** FLIGHTS ARE PROFITABLE.

Black BOX

Lower revenues and burgeoning losses virtually ground the national carrier.
