

A Dynamic Learning Experience

The future looks bright, in the capable hands of Prof.Vel.Shri.Dr.R.Rangarajan and Dr Mrs Sakunthala of Vel Tech, who have lived the Gandhian principle of "Be the change you want to see" this combined with hard work and integrating the affordability, accessibility and an emphasis on the high quality education delivery system, and binding all this with a disciplined learning process have made Vel Tech University famous and marks the Vel Tech ideology.

The University has set itself apart in its philosophy, approach, content and delivery. This approach provides an opportunity to every student to choose one's own area of specialization horizontal spread or vertical integration. The delivery of the system, which meets the UGC approval, is through a rigorous self learning process and has a finishing school for imbibing competency and analytical skills.

The B.E., B.Tech, M.E., M.Tech and the Ph.D programs to avail are in Electrical, Electronics & Communication, Mechanical, Automobile, Civil, Computer, Information Technology, Aeronautical fields. Masters in Computers Applications is another field where students excel at Vel Tech.

To name some of the MBA programs at Vel Tech; MBA in E-Governance, Software Enterprises Management, Health Care and Hospital Management, and the International Financial Management, Telecom Management, Tourism Management and more, these programs are widely appreciated and recognized by the corporate world.
