

Our focus is on imparting professional education, which imbibes the fundamental conceptual knowledge with an application orientation, using the latest pedagogical tools.

Mrs. NIRMALA SINGH
Vice-chairperson, Pranveer Singh Group of Institutions

with diverse academic background and invaluable industry experience. The institute has developed high faculty strength to always maintain an optimum student teacher ratio so as to give faculty members adequate time to constantly strive and make their teaching more effective.

LABORATORIES: *Training grounds for budding professionals*
Laboratories play a vital role in a student's academic life. Understanding this PSIT provides advanced state of the labs with core accurate equipments for imparting practical training to the students as practicals are better than words. All labs are outfitted with classy and advanced technology which provides conducive environment to students who attain clarity of concepts through practical knowledge at PSIT.

LIBRARY: *The Knowledge resource centre*

PSIT is the proud owner of an enviable central digital library housed in an entirely separate block, which can be better described as a High Technology Centre. Being a hub for research work and exchange of information, the Library provides a substantial collection of 30000 and more books to the students. Moreover, the institute is a member of DELNET (Developing Library Network) through which the students have access to and can issue books, articles, periodicals etc from premier institutes of the country.

PLACEMENT

The placement cell at PSIT is aptly run by committed and focused individuals who are assiduously working towards their ultimate goal of providing the most coveted and sought after jobs in the industries to the students. To bring about the best, the cell organizes activities and workshops that enable students to be confident individuals, ready to face the challenges of the professional world.

Industry visits enable theory/ practical integration therefore the cell arranges visits and industrial training for students who gain substantial exposure and a hands on experience. "Sincere efforts surly spell Success", with this belief the placement cell is engaged in networking with the best companies /organizations in the professional world and invites them to the campus for holding campus interviews for recruitment of PSITians. The Cell also ensures that every PSITian leaves ALMA MATER with a job in hand!!!!

High lights : Glimpse of the USP's of PSGI

- PSGI is the first choice for students in the UPTU counseling in Kanpur Region.
- Every year 90 percentile of GATE aspirants comprises of PSITians.
- Since beginning our institutes have been giving thebest results in UPTU.
- This year maximum number of toppers of UPTU are from our institutes.
- Three silver medalist in the university were from PSIT who were felicitated by the Honorable Governor of UP in this year.
- Maximum students got placed in National and Multinational Companies.
- Maximum qualified faculties holding M.Tech and Ph.D degrees impart knowledge to the students.
- Wi-fi campus is well equipped with 1000 computers, 24 x 7 hours high speed internet with 24 hours electricity power backup.
- In modern competitive scenario, we are the only group in UP equipped with virtual classes that provide a platform to students for their personality development and campus placement by interacting with global experts through video conferencing.
- Our spacious girls hostel of 300 capacity and boys hostel of 500 capacity has a separate hygienic mess and a clean infrastructure. Vast grounds for outdoor games like cricket, football, badminton, lawn tennis etc where participation in atleast two games (indoor and outdoor) is mandatory for stress free academic achievements.

How to choose THE BEST

Admission time is a very harrowing time. Students and their parents find themselves in doldrums. Many questions crop up in their mind like which college is the best? Which college has a good academic track record? Its very simple .Academic performance of all the UPTU colleges can be viewed by logging on www.uptu.ac.in For more information about the college one can log on www.psit.ac.in.

Another Milestone...

Last year the Pranveer Singh Group of Institutions has started one more college named Pranveer Singh Academy Of Technology (PSAT) which is also on the same track as PSIT that is with the same facilities, infrastructure, campus and teaching methodology. In the first year of commencement the institute has created new record and has scaled new heights of being one among top intuitions of UP
