

BHARAT INSTITUTE OF TECHNOLOGY, MEERUT SHAPING A PERFECT CAREER...

Prof. A.K. Vasishtha, a man of versatile genius, a perennial source of inspiration has succeeded in manifesting the blend of academic, scientific and technological spirit in every walk of his administrative life. Action orientation is his life-mantra and the right decision at right situation enthused with sharp perception his skills. From the day of its inception, BIT nurtured a dream to become a leading Engineering and Management Institute with a global vision. Today the dream has become a reality because of constant efforts, unflagging interest and perceptive suggestions of Prof. Vasishtha. Under his able guidance the Institute has witnessed unprecedented growth and is marching apex day by diem.

Bharat Institute of Technology, Meerut has registered phenomenal growth in terms of imparting quality education in Engineering and Management studies. The sprawling campus of the Institute equipped with the best of breed infrastructure provides a pleasant and intellectually stimulating ambience for students in an eco-friendly environment. BIT offers UG courses in Engineering, Pharmacy, Management, Computer Applications and Business Studies and Post Graduate courses in three disciplines i.e. Management, Computer Applications and Business Studies. All these courses are recognized by All India Council for Technical Education (AICTE), New Delhi and affiliated to U.P. Technical University, Lucknow. At BIT, special emphasis is placed on developing an environment

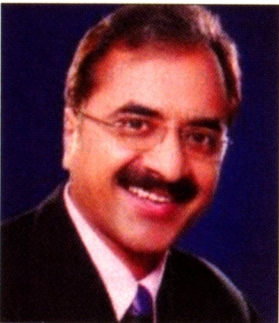

highly conducive to build a solid foundation of knowledge, personality development, confidence building, pursuit of excellence, self discipline and enhancement of creativity through motivation and drive.

The college has bagged several University ranks in PG & UG courses. All the departments have well equipped laboratories. In addition, there are a number of central facilities which include state-of-the-art computer & training labs, well stocked E-library, well equipped language lab to enhance communication and presentation skills, round the clock internet and Wi-Fi connectivity, ventilated classrooms with comfortable seating arrangements and open air theatre with lush green grass providing the natural cushion for cultural and other functions. The Institute organizes Conference, Seminars & Guest lectures from experts from industry and research organizations.

The objective of BIT is to ensure that all the students are placed in prestigious organizations. To achieve this objective the Institute has established a full-fledged training and placement cell. The students are taught to make interesting presentations, prepare for an interview and manage time and stress to face the world with confidence.

BIT is committed to achieve excellence in Technical Education and evaluates the success & leadership of its programs using the highest standards of the quality innovation and visibility.

QUANTUM SCHOOL OF TECHNOLOGY A VISION TO EXCEL IN APPLIED RESEARCH, ALONG WITH HIGH QUALITY EDUCATION IN ENGINEERING AND MANAGEMENT

AJAY GOYAL
CHAIRMAN

QUANTUM SCHOOL OF TECHNOLOGY has been established with a vision to create a Centre of Excellence in Applied Research, along with high quality education in Engineering, Management and allied areas. The mission is to establish Quantum as an institute with an attitude of constant achievement, inner strength and care for environment through innovative intellectual inputs.

Quantum has been promoted by a very well established corporate house. The group caters to national and international markets through its large scale manufacturing units of paper, plywood and other allied products. It has deep inroads into the corporate world and is eager to use its vast experience for the benefit of its students. The promoters seek to induct new teaching methodologies and syllabus that is industry-friendly so as to ensure finest placements for its students.

QUANTUM School of Technology is located at Roorkee, the mecca of higher education in India in the picturesque state of Uttarakhand. Roorkee is a quiet,

scenic town located along the Ganga canal. It provides a very intellectually stimulating environment to hone one's engineering and management skills besides growing culturally and spiritually. Given its long history of engineering education, it is extremely well equipped with technical personnel that offer a rich pool of highly qualified faculty.

Today we can boast of the very best of faculty in the region with most of them being Phds from IIT Roorkee and other NITs with PhDs. The presence of experienced faculty and trained technical and non-technical manpower, and well developed support infrastructure has already begun to pay rich dividends.

On the one hand, our students have been able to get a result that is truly outstanding and at par with the very best in the state. On the other, a large number of sports tournaments, debates, soft skills modules were successfully organized to ensure an all-round development of the students from the very beginning. Through its very special Value Addition Programmes (VAP) Quantum shall strive to place you ahead in the race for quality employment. Students are encouraged to pursue innovative ideas that will change and improve in a positive manner ways in which people live and work. The hallmark of the Centre's research is its balanced consideration of technological capability and human utility that helps it to consistently strive for excellence, relevance and social purpose.

While the Institution encourages its students in the path of academic excellence, great emphasis is also laid on soft skills, English language classes, co-curricular and extra-curricular activities. As such, every QUANTUM student shall have the opportunity to excel in his or her chosen field. We believe that, "to be able to accomplish great things, we must not only act, but also dream; not only plan, but also believe." Quantum School of Technology is a product of this ideology.
