

AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD

Driven by its commitment to provide quality technical education, Ajay Kumar Garg Engineering College has been adjudged the "Best Engineering College" of Uttar Pradesh Technical University by the Jury for UPTU Academic Excellence Award 1st college in UP to receive the UPTU Academic Excellence Trophy

SHRI ASHOK PAL
CHAIRMAN

Ajay Kumar Garg Engineering College (AKGEC), Ghaziabad is affiliated to UP Technical University, Lucknow and is approved by the All India Council for Technical Education. The College was established in 1998 and offers B.Tech Courses in live specializations, namely Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Mechanical Engineering and Information Technology. The college also offers full time postgraduate courses in Computer Applications (MCA) and M.Tech in Automation & Robotics, Electronics & Communication Engg and Electrical Power & Energy Systems as well as a Modular M.Tech program in Electrical & Electronics Engineering. All Engineering disciplines are accredited by the National Board of Accreditation (NBA) and the college is certified for ISO 9001-2000 by BSI, U.K.

Driven by its commitment to provide quality technical education, AKGEC has been consistently ranked amongst the top three engineering colleges under the UP Technical University based on results. This year the college has achieved a unique distinction of being the first college in UP to receive the Academic Excellence Award for the "Best Engineering College" of UPTU.

Infrastructure : Spread over a 40 acre campus, AKGEC has excellent infrastructure. Departmental laboratories have the latest equipment and the college has state-of-the-art computing facilities with over 730 networked computers and broadband with fibre optic link, and wi-fi for round the clock Internet access at 6 Mbps. The college has a fully automated central library with over 28,000 books and national/international journals including e-journals. The college also has an interactive satellite (EDUSAT) terminal with two way video conferencing facility.

Residential accommodation includes faculty residences, three boys and two girls hostels accommodating about 1200 students. The hostels have a library, TV room, canteen, general store, well equipped gymnasium, music and martial art clubs with professional coaches.

Faculty : Intellectual property, which is reflected by the caliber of faculty, is a strong point for AKGEC. The present faculty strength is about 140, of which most senior faculty members are former professors or alumni of IITs. The Director, Dr R.K. Agarwal is a B.Tech from IIT, Kanpur, MS from C.I.T., Cranfield, U.K. and Ph.D from IISc, Bangalore. With such a strong intellectual capital, the college fosters and encourages a teaching methodology that has both a theoretical and practical approach. The Chairman, Shri Ashok Pal, himself an engineer and eminent educationist, says, "The college milieu encourages every student to develop respect for established norms and values and at the same time understand the importance of technical knowledge in human development."

Placements: There is continuous college-industry interface. Special efforts are made to groom the students to meet the standards of the industry, both in technical knowledge and soft skills. Interactive seminars on emerging technologies and personality development programmes are arranged to
