

Redefining Excellence in Biomedical Education **DOLPHIN GROUP OF COLLEGES**

Relevance of Biomedical sciences in present day context need not be over emphasized since we require them at every step of our life, especially in third world countries, which are at the verge of a major leap forward both in industrial development and health care. Recently WHO has laid great emphasis on generating more biomedical professionals. The demand for qualified youngsters in the field of biotechnology, microbiology, pharmacchemistry, biochemistry, physiotherapy, etc is perennial and ever growing across the globe. It has increased many folds in last decade or so said Shri Arvind Gupta, CMD.

Shri Gupta informed that The Dolphin is a premier education group of north India imparting quality education primarily in the field of biomedical and life sciences to about 2500 students from all parts of the India and neighboring countries since last many years.

The group is currently managing two self financed, co-educational colleges, viz.

1. Dolphin (PG) Institute of Biomedical and Natural Sciences, Dehra Dun (Approved by Department of Education and Ministry of Health, Govt. of Uttarakhand. Affiliated to H.N.B. Garhwal University, Srinagar, Uttarakhand),
2. Dolphin (PG) College of Life Sciences, Chandigarh (Approved by Department of Education, Govt. of Punjab and affiliated to Punjabi University, Patiala).

He emphasize that the Dolphin Institutes are vastly reputed institutions for providing quality education to the young students and to develop them as professionals in bio-medical and natural sciences. These courses include the field of biotechnology, microbiology, medical microbiology, pharmacchemistry, biochemistry, industrial chemistry, medical lab technology and physiotherapy and forestry at under- and post graduate levels, complemented by enough diagnostic and research opportunities to develop these students as professionals in paramedical, biomedical and life sciences.
