

cafeteria and round-the-clock security. Everything right from the equipment to accessories is regularly upgraded to keep up with the best and to create a truly hi-tech environment. The Computer Lab with over 500 personal computers and regular uses of high definition teaching aids add to the top-grade culture here.

RESEARCH & DEVELOPMENT CELL

The cell is established with the motto of providing the best opportunities in the specialized technical education, research and development. This cell keeps track of the latest developments in the field of technology and management. It not only encourages students to try their hand at research but also provides training by involving them in project oriented R&D. The cell helps them to think out-of-the box and inculcate in them the quest for innovation, which help them to become complete corporate packages.

R&D Cell has embarked on promoting National and International conferences, seminars and symposia, which has culminated into the major interface with industry, playing a comprehensive role in the overall grooming of our students.

TRAINING & PLACEMENT CELL (TPC)

T&P Cell is constantly working towards providing the best career prospects to the students. The prime objective of this cell is to enable the students to prepare a skill base so that they can forge ahead in their life in the desired work-field. The team of dedicated members of the placement cell that consistently interacts with the specific industries and helps the students to prepare accordingly achieves this. T&P undertakes the following activities: inviting and arranging visits of companies in the college campus and holding campuses in the institute, obtaining information of placement activities in and around NCR, coordinating placement activities with other similar institutions, developing and maintaining alumni database and the last but not the least to ensure fresh inflow of contacts to keep the list ever-growing.

CORPORATE RESOURCE CENTER (CRC)

CRC acts as an interface between academia and industry. It maintains good rapport with large number of organizations and companies. CRC invites managers, HR personnel, and other eminent personalities of industry itself to interact directly with our students. The inputs that our students get help them to understand the industry needs and mould themselves accordingly. CRC too helps them in this pursuit of grooming by organizing additional short-term courses, workshops, seminars, conferences, etc. Indeed it aims at overall grooming of the students so as to create total quality technocrats and managers who can face the challenges of the present day industry.

These are the efforts of CRC along with the support of TPC that GLBITians have found great careers in L&T Infotech, Infosys, Accenture, Fiat, Godrej, Lupin Pharma,

Sh. Ram Kishore Agarwal,
Chairman, GL Bajaj

Clearly defines, "Our institution has been the top choice of serious and determined learners because we have always stood firm and committed to our Six-fold philosophy which is: **ACHIEVE** perfection in all spheres; **BELIEVE** in dominance through excellence; **STRIVE** to give professional education a new perspective; **CREATE** managers to be corporate leaders; **CLAIM** to produce world-class skilled & dedicated technocrats and managers; **PLAN** keeping the future of global environment in mind and equip our students with tools of latest knowledge & skills."

Cummins, I-flex, Ranbaxy, Sarsen, Blue Star Technologies, ISMT Ltd., Sunil Hi-Tech Engineers Ltd., Vodafone, Airtel, HCL, Sony Ericsson, NTPC, Hyderabad Industries Ltd., Tata Communications Ltd., Reliance Communication, Teezan (Oman), Jindal Steels & Power Ltd., Aditsan Technological Products, Miracle Corporate Solutions and many more.
