

GYAN BHARTI, MEERUT CENTRE FOR EXCELLENCE IN VALUE EDUCATION

With the increasing realization of the significance of soft skills in job requirement for all professionals, the Gyan Centre for Excellence has been specially designed to produce well-trained and knowledgeable professionals to meet the requirements of the 21st century corporate world. While Satyamgate warns us about the pressing need for corporate social responsibility, the entire corporate world needs thoroughbred professionals meticulously committed to the relentless pursuit of excellence with full dedication and honesty. GCE will create a pool of professional talent that will be ever ready to test the waters of uncharted territories posing challenges of the unseen, invisible and unpredictable. GCE is guaranteed to add lustrous brand value to the future engineers and managers.

IGNOU CENTRE PROBES APPLIED RESEARCH SCOPES IN NORTH EAST

Indira Gandhi National Open University (IGNOU) recently organized a one-day consultation meet to chalk out an action plan for research in the northeastern states of the country. The meeting was convened by North East Centre for Research and Development (NECRD) in the campus. A number of eminent scholars, subject experts and resource persons from eight states of the North East discussed issues and worked to chart out a direction for developmental research in the region. The meet began by looking at the NE not as an area unexplored as it used to be, not an enigma but an interesting land for the world, with no dearth of funds, interests, development schemes, institutes dedicated to serious research. The session sought to unearth the challenges faced earlier. Addressing the experts and research scholars including Research and Teaching assistants, Vice Chancellor, Professor Rajashekharan Pillai stressed research should address the domain knowledge in order to make it socially relevant. He said that there was a need to classify and prioritize these areas, and added, "There is no dearth of funds but the NECRD has to look for agencies from where these can be made available."

Speaking on the occasion Prof. Samir Kumar Das from the Dept. of Political Science, Kolkata University said, "NECRD should conduct workshops on research methodology as most students from the region don't know how to write dissertations. IGNOU can train them." He also stressed on a new drafting a new curriculum on North East studies. The meeting led to the formulation of a workable action plan for the NECRD. The subject experts agreed that there is a preponderance of the government-based research in most Indian universities. There is an urgent need to make NECRD-sponsored research community centric. It also agreed to link the NECRD-sponsored research with development and social change and make it socially robust.

IEC COLLEGE OF ENGINEERING & TECHNOLOGY PREPARING TECHNOCRATS FOR TOMORROW

The IEC College of Engineering and Technology was started in 1999 under the aegis of the Vocational Educational Foundation (VEF). It is an educational institution of international standing located in Greater Noida, Uttar Pradesh in the suburbs of the National Capital Region of New Delhi. VEF itself came into existence in 1989, with the aim of providing relevant and reliable education in different parts of India.

The institute was started with a clear vision of making it a seat of world class education to empower its students to face the challenge of ever changing society with courage, convictions and compassion."

The institute offers the various under graduate and post graduate programs like B.Tech – (C.S, I.T, E.E, E.C, M.E, C.E, E&I, Electronic & Electrical Engg.), B-PHARMA, BHMCT, MBA, MCA, M. Tech – (Electrical Power System, C.S), PGDM.

In a short span of eight years, the student family of IEC-CET has grown tremendously and currently has more than 4000 Indian student members and 500 foreign students belonging to 30 countries across the globe. This clearly reveals that IEC-CET has emerged as a sought-after institution, and is growing in popularity at a fast pace its reputation of being a place offering high quality professional education is spreading in India as well as in other parts of the world.

The IEC College provides far more than academic and administrative facilities on campus.

- Wi-fi Campus spread over 17 green acres.
- Highly qualified, experienced and committed faculty
- State-of-the art laboratories and workshops
- Well equipped computer center with unlimited internet access.
- Facilities for sports like Indoor Games
- UPTU Star Performing College.
- Most of the courses of B.Tech are NBA accredited.
- On Campuses girls' hostel & off-campus boys hostel.
- An air-conditioned Digital Library with the capacity to accommodate more than 500 students.
- The T&P Office provides active support in placing the students in industries by inviting companies on campus

Some of the top companies where IECians are working:-

ABB Limited, ABN Amro Bank, Airtel, Bajaj Hindustan Ltd., Bharat Electronics, BHEL, BSNL, HDFC Bank, Hindustan Liver, Honda, ICICI Bank, Indian Railways, Infosys, Jaypee Cements Ltd., Jindal Iron & Steel Co., Mahindra & Mahindra, etc.
