Ansal Institute of Technology - Pioneered by IITians

World Leader Hewlett Packard partners AIT in transforming student learning through technology.

AIT is the winner of The 2009 HP Innovations in Education grant for the project "Use of Tablet PC in strengthening the foundations of Engineering Education". It is one of the only 2 higher education institutions in India to receive this prestigious grant. HP has recognized AIT campus a part of an elite cohort dedicated to enhancing degree programs in engineering, computer science, and information systems, and information technology the innovations that are possible at the intersection of teaching, learning and technology.

Ansal Institute, set up in the year 2000 has acquired International reputation in providing world-class education. It is established by the prestigious Ansal Group on a sprawling WiFi campus in Gurgaon, The Corporate hub of MNCs Ansal Institute has been recognized by UGC under section 2f and All India Council for Technical Education to run B.Tech. programs in Computer Science and Engineering (CSE), Electronics and Communication Engineering (ECE), and Information Technology (IT) and Electrical and Electronics Engineering (EEE) has been among the premier institutes in North India for BBA, BBA (B&I) and BCA programs with GGSIPU, Delhi. Through its programs like BBA, BBA (B&I), BCA and MBA, Ansal Institute had been giving value added courses to make the program holistic meeting the stringent Indian guidelines for a professional degree along with providing broad-based education so important for personality development – a feature considered important for senior executive positions in MNCs along with meeting the requirements of overseas universities.

Education beyond Curriculum

The holistic approach adopted by Ansal Institute over the years has carved out a niche for itself in education world and has yielded extraordinary dividend in that its students and graduating product have found good placement in top multinationals and overseas universities like Clemson University (CU), North Dakota State University (NDSU), San Jose State University (SJSU), Eastern Michigan University (EMU), Tarleton State University (TSU), North Carolina State University (NCSSU), McMaster University, University of New Brunswick, University of Windsor, Saint Mary's University, Deakin University, University of Western Australia etc.

Best Practices

Distinguished Faculty and Visionary Leadership:

AIT is known for its eminently qualified faculty drawn from premier institutes like IITs, IIMs and Overseas. Faculty team is led by an internationally acclaimed educationist, a founder faculty of IIT Delhi, who has been recently knighted by the French Prime Minister for his outstanding contribution to education.

Learning Management System: Teaching-Learning takes place by adopting the latest technology tools with the help of a Learning Management System designed and developed in-house. The portal also takes care of modules like registration, fees, attendance, grading, online feedback etc.

Mentorship: Mentorship program in which a group of 15-20 first year students are assigned as mentees to a faculty member as their mentor. It

aims to enhance interaction between the students and faculty members and establish a stronger bond of trust and confidence thereby helping students with general and career counseling.

Value Added Courses: Technology Workshops, Employability Skills Program, Weekly Industry Seminars, CII Summits, and Personality Development Programs through various approaches like Theatre and Adventure Workshops and Excursions, Communication workshops, Management Club and Student Societies make students' educational experience truly rewarding.

Strong Industry Interface: Ansal Institute's Centre for Corporate Relations (CCR) has established a network of leading companies and brings a refreshing corporate learning experience for the students through Weekly Seminars by senior industry professionals. These seminars
