

FLUCTUATING FORTUNES

For the ranking of chief ministers, respondents in each state were asked to rate the performance of the incumbents. The ranking, based on the net popularity ratings (NPR), were arrived at by adding the "outstanding" voter perception to the "good" and subtracting the "poor" while the "average" rating was not taken into account. Naveen Patnaik gets first rank with NPR of 84.

1 NAVEEN PATNAIK Orissa

		Jan 2008
Outstanding	21	5
Good	65	45
Average	11	41
Poor	2	6
