■ HAIR TRANSPLANT SPECIALIST -

Human beauty was always admired, but never so much, as it is admired today. The caption is "beautiful souls should be beautiful to look at". Each and every individual has right to look good. Micro follicular hair transplants with the most modern technique is practiced today as F.U.E (follicular unit extraction), B.H.T. (body hair transplants) and the more common methods of strip removal. Hair transplanted such will remain on a persons head for nearly whole his life to come, no hospital admission is needed, also the procedure does not include any kind of "General Anesthesia" (unconsciousness), to be more precise, only, the part where the doctor has to work, is made numb by local anesthesia. Total surgery is scar less visibly. Rhinoplasty is an operation to change the shape of the nose, for a better looking you. Same way old scars and moles over the face and body can be revised by surgery to leave them barely noticeable. These surgeries are not very costly, they are well with in the reach of a common middle class Indian male or female. **SO GO FOR IT Dr.Amitabh Shrivastava (Ph:- 09893450094 & 09425113235).**
