

**MORE WOMEN DIE OF
HEART PROBLEMS THAN
OF CANCER AND AIDS*.
YOU CAN HELP US CHANGE THIS.**

Prevention
in association with

Women are at an equal risk to heart problems like men. 'Prevention' in association with Saffola has undertaken an initiative called 'Small Steps to a Healthy Heart' to partner women in adopting a healthy lifestyle and a healthier heart.

During this FREE 6 month program*, an expert dietician will guide you through simple steps in adopting a heart healthy lifestyle. Starting with a check-up of your health status, you will be recommended a personalised diet and fitness plan, leading towards a new, healthier you.

Take the first step, get the latest copy of Prevention Magazine today for more details.
