PEOPLE WHO HAVE CHANGED THEIR LIVES SHARE THEIR EXPERIENCE

Ushma Kalra, 32
IT Project Manager

"A two-year old baby, a home to manage and, to top it all, a hectic work schedule. It was really difficult. That's when I saw an ad of Supractiv Complete in a health magazine. It was the information given in the pack that convinced me that I should give it a try. I started feeling better from the 6th day onwards. Now my stamina is back, I no longer feel lethargic. I even have the energy for a walk in the nearby park with my husband. Supractiv Complete has put happiness back into my life!"

Shashi Chaudhary, 40
GM- Administration & HR

"As a Finance Controller in a large MNC firm, I was under massive work pressure and zero physical activity. My body complained: Indigestion, minor aches and pains. I couldn't even climb the stairs to office. It was my colleague who suggested Supractiv Complete. I tried it regularly and the result was unbelievable. A month later, my stamina was back and all those minor aches and pains disappeared. I don't tire easily even after those long book closing days. Supractiv Complete has helped me feel healthy and energetic throughout the day."
