MRIS is about the spirit, morals and ethics of life. The spirit, that makes human beings humane, pervades the school, moulding students to steer the future. A natural and tranquil institution, it nurtures an ideal educational environment for both students and teachers. A blend of tradition and modernity, this institution has hues of focus and achievement in the air which imparts a natural impetus towards an MR-ite's quest for excellence. The beauty and invigorating atmosphere with centrally air conditioned campus of the school are a result of its unique setting.

The school offers a rich variety of activities and opportunities for a multi-dimensional growth, making an MR-ite, an articulate, amiable and affable person. The environment encourages a questioning mind and gives students many avenues for expressing their creativity and building their skills.

After all, it's from MRIS, an educational movement touching new heights with five campuses. Two campuses are at Sectors 21C and 14, over an area of 5 acres, upto senior secondary level (Affiliated to CBSE, New Delhi) in Faridabad and the third one on a 5.15 acres campus in the heart of millennium city, Gurgaon with the International Primary Curriculum (IPC™) UK & affiliation from CBSE, New Delhi.
