

The people in Haryana can certainly look forward to better education and better future.

- Mrs Sonia Gandhi,
UPA Chairperson

HARYANA

Big Boost to Technical Education

Mr Bhupinder Singh Hooda took in hand the ambitious plan of expanding job-oriented technical education in the state.

During the last four years, there has been an exponential growth of technical institutes in the state. In the year 2004-05, there were only 145 technical institutes offering diploma and degree courses with an intake of a mere 24,124 students. But currently, there are 489 technical institutes and the annual intake has crossed the one lakh mark, an increase of nearly 400 per cent.
