BAJAJ Allianz 

Choose an investment tool, which gives you adequate cash liquidity and the option to take a loan if needed.

Bajaj Allianz Invest Plus gives you an option to partially encash the Additional Accrued Maturity Value and the flexibility to take a loan of up to 85% of the surrender value of Accrued Maturity Value.

After three years from the date of payment of each additional premium, you can opt for a Partial encashment of Additional Accrued Maturity Value (AAMV). Also, if you pay at least three years' regular premium in full, you can get a loan of up to 85% of the surrender value of the Accrued Maturity Value (AMV).
