

HYDERABAD | Calling the Shots

Chief Minister Y.S. Rajasekhara Reddy is shooting from the lip before his state goes to polls. He has asked ministers Maganti Venkateswara Rao and M. Mareppa to resign following the Congress's failure to retain seats in the by-elections to local bodies in their home districts. He contended that the "overconfidence and laidback approach" of the ministers cost the party. He has set January-end as the deadline for all ministers to complete pending development work. Reddy's poll plan is a slew of welfare measures, many of which are named after Indira and Rajiv Gandhi, which he says has impacted the people of the state. Aware of the decisive role an assertive regional leader can play, the Congress high command is giving Reddy a free hand. *by Amarnath K. Menon*
