

■ **YOGA SETS YOU FREE** - Yogi Ashwini of Dhyana Foundation, an authority on the sciences of Yoga and Tantra famous for healings, which doctors have also termed as miraculous says, "Yoga is a subject not of the intellect but of consciousness, its not about practicing asanas and pranayamas to get a good body and good health, its about never falling sick and always looking the way you want to look, by accessing the higher reaches of your consciousness without complicated asanas and rapid and hyper pranayamas which draw on the vital energies of your body, making you tired and hastening the process of ageing." He adds, "Yoga is about doing not just more, but much more in a lesser time and in a much better way. Yoga does not tie you to any rituals, lifestyle or diet. Yoga sets you free." His book Sanatan Kriya: Essence of Yoga comes with the CD that guides you through the Kriya. In the book professionals, businessmen, lawyers and even the youngsters have testified how the Kriya has made a difference to their physical and emotional health. For them good health and more output has become a norm. Says **Lalu Prasad Yadav Minister of Railways, Government of India**, "I am glad to know that the book Sanatan Kriya: Essence of Yoga written by Yogi Ashwini is being reprinted on great public demand. I am sure Sanatan Kriya will popularize yoga among masses and help them lead a healthy life, as it has done for me." For corporate workshops on Yoga and Meditation contact: 9810044035.
