

Catch 21

A year after her debut in the Telugu film *Chirutha*, **Neha Sharma**, 21, has come to Bollywood. The model-turned-actor will be seen in debutant director Yugander's film *The Goodbye Trip*, with 21 other aspiring actors. Based on a group of college friends out on a picnic, the film was shot on an island in Thailand. "Being on an island with 21 actors was great. Yugander made sure we all connected before shooting since we play a bunch of friends," says Sharma. Hope this isn't goodbye to Telugu films.

YOGEN SHAH

"I definitely want to enter films. This show is just the right fit as it's all about Bollywood."

Pia Trivedi, model and VJ, will soon be hosting *Dress Circle* on ETC.

Short and Sweet

Priyanka Chopra has a thing for little dresses. At the Triumph lingerie show, Chopra pushed

the fashion envelope in an edgy Spendthrift by Shane and Falguni Peacock yellow sequined dress. Her toned-to-perfection legs were on display again at a news channel show to promote *Dostana*, when she turned up in a red BCBG tiered dress. Sometimes sexy, sometimes Gothic, she knows how to shake things up.

LOOKING EAST

Shilpa Shetty can't seem to stay put in India. After *Big Brother* in the West, she is eyeing the East. Shetty will soon start work on a film opposite Chinese actor Xia Yu. The English film, *Desire*, to be directed by Sarath Kumar, will be dubbed in Chinese and released in China. Xia is the youngest actor to win the Best Actor award at the Venice Film Festival for his debut *In the Heat of the Sun* in 1994. "The dates of the film haven't been confirmed yet, but I am looking forward to doing this," said Shetty. Indo-Chinese relations just got stronger.
