YOU CAN BEAT THE HEAT

Outside temperature already crossing 40 °C and heat waves making rounds, make us unhappy as we realize, it is just the beginning of a long and miserable summer. In fact, a typical summer day in a city can feel like an oven that has been put on a really high pre-heated temperature mark! Yet, if you are open to new and cool ideas, you can remain as cool as cucumber.

Biosleep gives you a good night's sleep.

- Adjusts room temperature automatically according to your body's needs
- Keeps you comfortable throughout with precise temperature control
- Reduces up to 36% electricity consumption
