Range 5kVA to 140kVA

Mahindra Powerol Diesel Generating Sets. For Really Smooth Power Supply.

While power cuts hacks into your profits, inefficient DG sets simply add to your losses. Choose Mahindra Powerol DG sets to ensure efficient power supply & hassle free operations. These DG sets come with a zero leakage engine that lowers the cost of lube oil. Even fuel consumption and maintenance costs are really low. So you profit even when there's no power.
