

Celebrating a feeling that lives for India

Our name Hamdard describes it best. It's more than our name. It's the way we are and the way we feel. A hundred years of giving our best. With household names like Safi, Cinkara, Rooh Afza and more, we created a world of health, happiness and hope for millions. Distilling two thousand years of Unani wisdom with a century of forward-looking innovation and enterprise. Building brands that give you more to live for. And we do it not to embrace the profit but spend all of it in supporting educational institutions and hospitals for the underprivileged.

From a tiny Unani clinic in a by-lane of Delhi, we have grown to be a nationwide multi-crore rupee corporation. As we grow, we find more room in our heart to fill more lives with health, happiness and hope for another century.
