

An Institute Building Careers Accurately

Set in a lush green campus spread on 16-Acres at Greater Noida and rated as No. 1 in infrastructure in NCR, Accurate Institute of Management & Technology combines exquisite natural beauty and high-tech environs of modern times, to set an ideal seat for higher academic pursuits. Today's management practitioners must be thorough with the latest technology and be sensitive to the importance of ethics and human values. ACCURATE is committed to provide quality programmes which would help today's youth and students to become more effective-personally and professionally.

"We are aware of the emerging challenges & are modifying course content & delivery mechanism to meet them. We believe that Education at ACCURATE is intended to be a life-changing experience to shape professional identity and influence thinking for the rest of the life of the students," says Poonam Sharma, Group Director.

Prove or perish, that is the call of the day.

**We at ACCURATE feel the best way
to succeed the change, is to initiate it.**

C.L. SHARMA, Chairman, Accurate Institute of Management & Technology

Highlighting the core strength of the institute, Poonam Sharma says that Accurate attracts one of the finest standing faculty bases among private educational institutions in the country. At Accurate, the faculty members under the leadership of Dr. J.K. Das, Director (former Dean of IIM -L, Noida Campus), include outstanding researchers and distinguished scholars who are in constant touch with business, industry and government agencies. Accurate motivates its Faculty to engage in research, corporate training and consulting activities apart from doing regular classroom teaching to give a niche to the academic leadership of institute and compete with the best like IIMs.

Accurate Education & Research Society was established in 2005 under the visionary leadership of Mr. C.L. Sharma, Chairman - Accurate Group. The institute is promoted by Accurate Group, one of the leading manufacturers of Electrical/Electronic products especially of Distribution & Power transformers in the country. Mr. C.L. Sharma, the Chairman started with a small company in 1986 with a vision, to be one of the leading engineering enterprises in India and today is amongst the top few in its line of business and he shares the same vision and passion about his educational institutes.

Now the society is in the process to establish two new management institutes and has proposed to setup Medical College and teaching hospital at Agra. The aim is to cater different segments of the society and to contribute constructively and meaningfully in national growth and development.

Students of Accurate in Singapore during their International Study Tour

THE DISTINGUISHED FEATURES OF MANAGEMENT PROGRAMS OFFERED BY INSTITUTE

SUMMER TRAINING After completion of three terms in the first year, the students undergo summer training of six to eight weeks in the month of May-June. The students are required to submit a presentation on the summer project and a viva-voce before a panel of experts.

LAPTOP The laptops are provided to students to use the latest and high configuration software. The students generally use the laptop for preparing their project reports and assignments. They can access internet through Wi-Fi, to access special course software in and out of classroom to create advance presentations for the classes.

INTERNATIONAL STUDY TOUR To familiarise with global environment and international business units and their working, global exposure is must to work in a multi cultural environment. The international study tour promote the acquisition of a global business perspectives. Students are given opportunity to experience various corporate cultures and international business environment. This is an exercise in understanding the market and the working of organizations in the developed and the developing countries of the globe and the students also get an opportunity to observe theories being applied in professional practice. The study tour includes visits to transnational companies, universities and B-Schools. Recently students of 2007 -09 batch visited Singapore to gain international exposure.

VISITING FACULTIES FROM ABROAD AND CORPORATES The importance of external inputs into academic environment is emphasized. The Institute draws on a pool of visiting faculty from industry and academia to stay on the cutting edge of the latest management research and real world practices. These practitioners, policy makers and professionals impart invaluable insights to the budding managers and enhance the skills and knowledge required to achieve their goals. The visiting faculty prepares high quality instructional material on their area of specialization. The speakers give a fresh view on issues related to management so that students can gain more exposure and become aware of pertinent issues outside their academics. Prof. Fabio Sdogati of international economy from Polytechnico de Milano, Italy, recently visited the institute to deliver the lecture.

REGULAR INDUSTRIAL INTERACTION The Institute has always realized the need for effective interface with industry and business and has undertaken the task of strengthening the linkages with them. The industrial visits to corporates like Maruti Suzuki, Dabur and many more provide opportunity to the students to get on the ground feel about industry and understand the systems and procedures involved in running an organisation. In order to have better understanding of management, industry visits are organized for students in consultation with the concerned faculty.
