

Indian Medical Association
recommends 5 servings of
fruits and vegetables
in a day.

Get 100% juice nutrition from Tropicana 100%

Do you feel run down? Do you worry about unhealthy eating habits? Do you lack energy?

Stress, long working hours, pollution and unhealthy eating habits take a toll on your body, depleting it of vital nutrients. The easiest way to replenish these nutrients is fruit juices.

**The goodness of fruit,
the convenience of juice.**

100% fruit juices provide great nutrition including a whole range of vitamins and minerals. They are an excellent complement to whole fruits as part of a healthy eating plan, as confirmed by the 2005 DGACR.

**If it's not 100%,
it's not good enough.**

Most people don't know the difference between 100% fruit juice and a fruit drink. Most fruit drinks available today have more water, sugar and less fruit. Only 100% fruit juice counts as a fruit serving and contributes to your daily fluid intake.

**100% juice nutrition
from Tropicana 100%.**

Tropicana 100% is made from fresh fruits selected from the finest orchards across the world. Our fruits are squeezed within 24 hours of getting plucked. No wonder Tropicana is the World's No.1 Juice Brand.

**100% freshness with no added
sugar and no preservatives.**

Tropicana 100% has no added sugar. What's more, it is packed using the special 6 layer packaging technology from Tetra Pak, ensuring that Tropicana 100% stays fresh without any preservatives.

**Tropicana 100% Orange, Apple and Grape
juices are the healthiest, tastiest and most
convenient way to give your body 100%
juice nutrition everyday.**
