Endolite provides services to the physically handicapped / disabled through its 25 centres and clinics. Endolite is a joint venture company of Chas A. Blatchford & Sons, UK, a world leader in lower extremity prosthetics and collaborates with some of the leading P&O companies from Europe and USA such as Becker Orthopedics, Allard, Silipos & T-Tape for Orthotics. A variety of dynamic and static orthotic knee joints and other orthotic products are used to cater to the various deformities caused by Trauma, Poliomyelitis, CVA (Cerebro-Vascular Atrophy), Spinabifida, Cerebral Palsy and other physical disorders. Recently introduced E-Knee (Electronic Knee joint) is a revolutionary product meant to provide a near normal gait cycle with a great stability in stance phase. Its mechanically operated stance control knee joints namely Full Stride, Safety Stride and GX Knee provide immense support and enhance gait pattern for quadriceps weakness patients. SWASH (Standing Walking & Sitting Hip Orthosis) from Allard provides Cerebral palsy children better pelvic support and abducted walking pattern. This allows children to feel free and comfortable in performing their daily activities and prevents deterioration. Our Motto "The Patient First"
