

A WATCH MADE TO BE
WORN A LIFETIME BETTER BE
COMFORTABLE.

Almost as much work goes into creating the Rolex bracelet as the Rolex movement. Its more than 100 moving parts are conceived and crafted simultaneously to ensure perfect homogeneity. Edges are sculpted and smoothed for comfort. A new, redesigned clasp makes for easier opening and closing. The length can now be personally adjusted, providing an even more perfect fit. But only after it is tested under some of the most extreme conditions does it earn the right to become a Rolex bracelet. **Discover more at rolex.com**
