

NOW PAUSE, RECORD AND REWIND LIVE TELEVISION

Introducing Tata Sky+. It'll change the way you watch TV forever. With Tata Sky+ in your home, you can pause, record and rewind even live telecasts. So if the doorbell rings while Sehwag is going berserk, all you really need to do is press the PAUSE button. He will wait for you till you are back and comfortable. Or if you feel like having your funny bone tickled, use the REWIND function to replay and watch that slapstick comic you love, as many times as you like. And if your Friday date with your favourite action hero clashes with your wife's plans to watch a certain ship hit an iceberg, don't worry.
