**Recognising Citizen Journalists who are bringing
about the change they want to see...**

The launch of CNN-IBN marked the birth of the **CITIZEN JOURNALISM** initiative in India, keeping in line with the IBN18 Network philosophy of inclusive journalism. This was further amplified by IBN7. Today **CITIZEN JOURNALISM** has become one of the most powerful tools of empowerment in our society, inspiring Indian Citizens to have their voice heard and bring about the change they want to see. In an effort to institutionalise Citizen Journalism, CNN-IBN and IBN7 proudly announce the first ever **Citizen Journalist Awards** to recognise citizens who have been out there, reporting fearlessly and are trying to change the system to make our society a better place.

Chief Guest:

**Smt. Sheila Dikshit,
Hon'ble Chief Minister of Delhi**
